

Ger-Nis
CULINARY & HERB CENTER

Ger-Nis Culinary & Herb Center is a comprehensive center offering our community an opportunity to be a part of the entire process of the foods they eat. We believe it is part of our circle of expertise to both share and educate our communities on fresh herbs and continue the exchange of culinary ideas that make our food experiences complete. Ger-Nis has a passion for all things herb and we want to share it with our communities by providing a place where the circle is complete.

At Ger-Nis we pay extremely close attention to the entire food process.....from seed to mouth.
